

# Events Calendar

The Following BSD Events will take place during September and October of 2019 BY DRU LAVIGNE & ANNE DICKISON

## vBSDCon • September 5–7 • Reston, VA

<https://nog.mn/> vBSDCon will bring together members of the BSD community for

a series of roundtable discussions, educational sessions, best-practice conversations, and exclusive networking opportunities. There will be a Developer Summit the day before the conference presentations.

## APNIC • September 5–12 • Chiang Mai, Thailand

<https://conference.apnic.net/48/> The APNIC 48 conference brings together Internet and networking experts, government representatives, industry leaders, and other interested parties from around the world to attend workshops and tutorials, discuss policies, and extend their social and professional networks with like-minded peers. Members of the Foundation team are looking forward to participating.

## mnNOG-1 • September 14–22 • Ulaanbaatar, Mongolia

<https://nog.mn/> The FreeBSD Foundation is pleased to be participating in the Mongolian

Network Operators Group Conference (mnNOG-1). mnNOG is a nonprofit, community-based initiative. It was created to organize communication forums for network engineers and technical specialists in Mongolia to discuss various topics related to network, security, and other Internet technologies.

## EuroBSD • September 19–22 • Lillehammer, Norway

<https://2019.eurobsdcon.org/> The 18th European BSD Conference will take place in Lillehammer, Norway, on September 21 and 22, 2019. Workshops, tutorials, and a Developers Summit will take place on September 19 and 20.

## LISA<sup>19</sup>

## LISA • October 28–30 • Portland, OR

<https://www.usenix.org/conference/lisa19> LISA is the premier conference for operations professionals, where sysadmins, systems engineers, IT operations professionals, SRE practitioners, developers, IT managers, and academic researchers share real-world knowledge about designing, building, securing, and maintaining the critical systems of our interconnected world. The Foundation will have a booth in the Expo area.

## Bay Area FreeBSD Vendor & Developer Summit • October 11–12

• Santa Clara, CA <https://wiki.freebsd.org/DevSummit/201910>

The two-day summit for developers and vendors will consist of invited talks and discussion sessions, and is by-invitation-only.

## All Things Open 2019 • October 13–15 • Raleigh, NC <https://allthingsopen.org/>

All Things Open is the largest open-source/open-tech/open-web conference on the East Coast, and one of the largest in the United States. It regularly hosts some of the most well-known experts in the world as well as nearly every major technology company. More than 3,200 from 34 states and 19 countries participated in 2017. This year between 3,500 and 4,000+ are expected.
